

# Women in Science

*What?*

A **panel discussion** with three SFB 1381 Principal Investigators in different career stages giving an insight into systemic and everyday discrimination as well as other obstacles that in particular – but not only – women face in science and academia. Questions and comments from the audience are welcome!

*For whom?*

Young Researchers in the Natural Sciences and anyone interested!

*Panelists:*

**Dr. Valérie Hilgers**, Research Group Leader at Max Planck Institute of Immunobiology and Epigenetics, Freiburg

**Prof. Dr. Nora Vögtle**, Center of Molecular Biology, University of Heidelberg

**Prof. Dr. Annegret Wilde**, Institute of Biology III, University of Freiburg

*When and where?*

Wednesday, 29.6.2022, 4:15 pm  
Institute of Biochemistry and Molecular Biology  
Stefan-Meier-Str. 17  
79104 Freiburg  
Seminar Room, 1st floor

*Registration:* Please send an email to [sfb1381@biochemie.uni-freiburg.de](mailto:sfb1381@biochemie.uni-freiburg.de).
